DECLARATION REGARDING A COMPLIMENTARY REVIEW OR CORRECTION ASSIGNMENT

The managing board declares that not a single audit or correction assignment has been given to a person not authorized to do so by law, pursuant to articles 34 and 37 of the law of 22 April 1999 concerning accounting and tax professions.

The annual accounts ~~were~~ / were not * or corrected by an external accountant or by a company auditor who is not the statutory auditor.

If affirmative, should be mentioned hereafter: surname, first names, profession and address of each external accountant or company auditor and their membership number at their Institute, as well as the nature of their assignment:

- A. Bookkeeping of the company **,
- B. Preparing the annual accounts **,
- C. Auditing the annual accounts and/or
- D. Correcting the annual accounts.

If the tasks mentioned under A or B are executed by certified accountants or certified bookkeepers - tax experts, the following information can be mentioned hereafter: surname, first names, profession and address of each certified accountant or certified bookkeeper-tax expert and their membership number at the Institute of Accounting professionals and Tax Experts, as well as the nature of their assignment.

Surname, first names, profession and address	Membership number	Nature of the assignment (A, B, C and/or D)

* Strike out what does not apply.

** Optional mention.

SETTLEMENT REGARDING THE COMPLEMENTARY RETIREMENT OR SURVIVORS' PENSION FOR PERSONNEL AND BOARD MEMBERS

Brief description

The group provides pension benefits for most of its employees, either directly or through a contribution to an independent fund. The pension benefits for management staff employed before 1 January 2008 are provided under a defined benefit plan. This plan is organized as a final pay program. For the management staff employed as from 1 January 2008, the management staff promoted to management as from 1 January 2008 and the management staff who reached the age of 60, the pension benefits are provided under a defined contribution plan.

Measures taken to cover the related charges

VALUATION RULES

1) Formation expenses

Formation expenses and expenses related to capital increase are capitalised and depreciated in the year the expenses occur.

2) Intangible assets

Intangible assets are recorded at acquisition cost and depreciated over 5 year maximum. Software is depreciated over a 3 year period.

3) Tangible assets

Tangible assets are recorded at acquisition cost, supplementary expenses included. The interest charges on funds employed during the construction of important investments are capitalised and depreciated over the useful life of the asset.

The tangible assets are depreciated on a straight line basis, based on policies set in relation to the expected economic life of the assets, without taking into account any residual value, namely yearly:

Buildings 3%

Leasing 3%

Machinery and equipment 20%

Furniture 10%

Cars 20%

Plane 10%

Data processing material 33%

4) Financial assets

Shares are valued at their acquisition cost. The additional expenses relating to their acquisition are not recorded as an asset but are recorded under the heading 'Other financial charges' in the financial year during which they occur. Financial assets are impaired when the estimated value of the shares is lower than the book value and if the thus determined loss has a permanent character. The estimated value of each share is determined at the end of each financial year by means of a single criterion or several criteria. For investments quoted on the stock exchange, the quotation is taken into account. For investments not quoted on the stock exchange the latest balance sheet is taken into consideration, unless more significant data are available.

The receivables classified as financial asset are valued at the nominal value. Impairments are recorded when the collectability of receivables is uncertain.

5) Amounts receivable within one year

The amounts receivable are stated in the balance sheet at their nominal value. Impairments are recorded when the collectability of receivables is uncertain.

6) Investments

The investments, including own shares, are valued at acquisition cost and the cash deposits at bank at nominal value. The additional costs, relating to their acquisition are not recorded as an asset but are recorded under the heading 'Other financial charges' in the financial year during which they are incurred. The investments are impaired if the realisable value is lower than their book value.

For investments quoted on the stock exchange, the quotation is taken into account. For investments not quoted on the stock exchange the latest balance sheet is taken into consideration, unless more significant data are available.

7) Cash

Cash at bank and in hand are valued at nominal value. Cash is impaired if the realisable value is lower than the book value.

8) Provisions for liabilities and charges

Provisions are made systematically for periodical vessel surveys, costs of dry-docking, onerous contracts, settlement of claims, pending claims and other operating risks.

9) Amounts payable after one year and amounts payable within one year

These are recorded in the balance sheet at nominal value.

10) Operating result

Income and charges are recorded in the related accounting period, not considering the moment the costs are paid or the revenue is collected. Profit or loss resulting from the sale of fixed assets is recorded under the heading 'Other operating income or charges'.

11) Foreign currency conversion

Non-monetary assets (foundation expenses, fixed assets and stock) are recorded for their value in the accounting currency at standard rate (monthly rate) except when foreign currencies were bought in cash or on credit, in which case the rate actually paid is applied. At balance sheet date, the non-monetary assets are recorded at historical rate (rate at which the assets were originally recorded).

Incoming invoices are booked at the monthly standard rate of the date of registration. The effected payments are booked at the same rate, except when foreign currencies were bought in cash, in which case the rate actually paid is applied. The outgoing invoices are booked at monthly standard rate of the day of issue. Possible conversion differences on receipt of payment follow the main amount.

Monetary assets/liabilities (receivables after and within one year, investments, accrued accounts, liabilities after and within one year and provisions) are recorded at the closing rate at year end. Negative conversion differences are recorded within other financial expenses and positive conversion differences are not transferred to the income statement but are recorded as accrued expenses.

12) Financial instruments (derivatives)

Premiums received or paid are included in the income statement as financial cost/income. At the end of the financial year, all on-going financial operations are individually evaluated at their market value and in case a loss is expected, the loss is accrued for. In case, based on the market value, a positive result is expected, the income is not recorded but is included in the notes to the financial statements, within "Rights and commitments not reflected in the balance sheet". The financial instruments with are fully hedged are not expressed in the balance sheet.

13) Update liquidity position

Over the past months EXMAR's liquidity position has evolved positively and should gradually improve in 2021 amongst other because of:

- Further to the settlement agreement signed with YPF S.A. on TANGO FLNG for an amount of USD 150 million, payments of USD 67.5 million have been received at the date of this report of which USD 40 million has been used for the full replenishment of the DSRA under the facility agreement with Bank of China. The balance of the termination fee will be received over the next 13 months.

- The EUR 18 million Revolving Credit Facility, which was suspended following the YPF dispute, has been released. An amount of EUR 3 million has been drawn on this facility.

- On 14th December 2020, the refinancing of the bank facility of EXMAR's LPG midsize fleet has been completed for an amount of USD 310 million, of which USD 290 million is currently drawn.

- The lease financing of the two new VLGC's to be delivered mid-2021 is fully signed. The leased amount of USD 72 million per vessel will be used to pay the delivery instalment to the shipyard and to repay the pre-delivery financing provided by MAP (USD 10 million / vessel).

The company is of the opinion that, taking into account its available cash and cash equivalents, its undrawn committed facilities available on the date of establishing the consolidated financial statements and its projected cash flows based on approved budgets, it has sufficient liquidity to meet its present obligations and cover its working capital needs for a period of at least 12 months from the authorization date of

VALUATION RULES

the annual report.

The consolidated financial statements for the year ended 31 December 2020 have been prepared on a going concern basis. The main assumptions and uncertainties for EXMAR underpinning the going concern assessment are concentrated around following matters:

- In September 2019, Gunvor gave notice of a dispute under the charterparty and has commenced arbitration. This arbitration procedure is still ongoing. Meanwhile management assumes that the charter remains in full force and effect and is of the opinion that the hire paid is effectively earned and no amounts should be repaid;
- In May 2022 the NOK 650 million Unsecured Bond will come to maturity. Management is considering different scenarios of refinancing or repaying the bond in part or in whole and is confident on the positive outcome of this process.

EXMAR has met all its financial covenants as at 31 December 2020 with sufficient headroom. EXMAR is continuously monitoring compliance with all applicable covenants and believes that based on forecasts for the remaining of the year, and irrespective of the assumptions and uncertainties referred above, all covenants will be met as per June and December 2021.

Considering the elements described above the Board is confident that the Executive Committee will be able to maintain sufficient liquidities to meet its commitments and therefore it has an appropriate basis for the use of the going concern assumption. In the event the above assumptions are not timely met, there is a material uncertainty whether the Company will have sufficient liquidities for the Company to fulfil its obligations of at least 12 months from the date of authorising these financial statements.

AUDITORS' REPORT

Deloitte.**Exmar NV**

Statutory auditor's report to the shareholders' meeting for the year ended 31 December 2020 - Annual accounts

The original text of this report is in Dutch

AUDITORS' REPORT

Exmar NV | 31 December 2020

Statutory auditor's report to the shareholders' meeting of Exmar NV for the year ended 31 December 2020 - Annual accounts

In the context of the statutory audit of the annual accounts of Exmar NV (the "company"), we hereby submit our statutory audit report. This report includes our report on the annual accounts and the other legal and regulatory requirements. These parts should be considered as integral to the report.

We were appointed in our capacity as statutory auditor by the shareholders' meeting of 19 May 2020, in accordance with the proposal of the board of directors ("bestuursorgaan" / "organe d'administration") issued upon recommendation of the audit committee. Our mandate will expire on the date of the shareholders' meeting deliberating on the annual accounts for the year ending 31 December 2022. We have performed the statutory audit of the annual accounts of Exmar NV for 4 consecutive periods.

Report on the annual accounts

Unqualified opinion

We have audited the annual accounts of the company, which comprises the balance sheet as at 31 December 2020 and the income statement for the year then ended, as well as the explanatory notes. The annual accounts show total assets of 708 139 (000) USD and the income statement shows a loss for the year ended of 83 972 (000) USD.

In our opinion, the annual accounts give a true and fair view of the company's net equity and financial position as of 31 December 2020 and of its results for the year then ended, in accordance with the financial reporting framework applicable in Belgium.

Basis for the unqualified opinion

We conducted our audit in accordance with International Standards on Auditing (ISA), as applicable in Belgium. In addition, we have applied the International Standards on Auditing approved by the IAASB applicable to the current financial year, but not yet approved at national level. Our responsibilities under those standards are further described in the "Responsibilities of the statutory auditor for the audit of the annual accounts" section of our report. We have complied with all ethical requirements relevant to the statutory audit of the annual accounts in Belgium, including those regarding independence.

We have obtained from the board of directors and the company's officials the explanations and information necessary for performing our audit.

We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty relating to going concern

We draw attention to Vol-kap 6.19 in the financial statements, which states that the group, of which Exmar NV is the parent company, is facing ongoing challenges that put pressure on its financial position. In preparing the financial statements, the board has considered two main assumptions to be successfully and timely completed to provide sufficient liquidity to the Company during a period of at least 12 months from the authorization date of the annual report. These two assumptions form a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern when not timely and successfully realized. Our opinion is not modified in respect of this matter.

AUDITORS' REPORT

Exmar NV | 31 December 2020

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual accounts of the current period. These matters were addressed in the context of our audit of the annual accounts as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How our audit addressed the key audit matters
Valuation of financial fixed assets The Company has important financial fixed assets (608 949 (000) EUR) in the form of participations in and amounts receivable on subsidiaries and equity accounted investees of the Exmar group. There is a risk that certain investments in and amounts receivable from group companies may be overvalued as a result of non-recognition of impairment losses based on the financial performance of the underlying subsidiaries and equity accounted investees. The analysis of the recoverability of the financial fixed assets and amounts receivable is important to our audit as the related amounts are material, the assessment process is judgmental and is based on assumptions that are affected by expected future profitability.	- As part of our audit, we have obtained an understanding of the process regarding the analysis of possible impairments of financial fixed assets and the recoverability of the amounts receivable. - As substantive procedures, we have focused our audit on identifying impairment indicators that could point to the recoverable amount to be below the carrying amounts of such assets and we have challenged the recorded values. - In performing the above-mentioned procedures, we have considered the documentation of management's judgement, the latest approved budgets and minutes of the board of directors.

Responsibilities of the board of directors for the preparation of the annual accounts

The board of directors is responsible for the preparation and fair presentation of the annual accounts in accordance with the financial reporting framework applicable in Belgium and for such internal control as the board of directors determines is necessary to enable the preparation of the annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the board of directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters to be considered for going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the statutory auditor for the audit of the annual accounts

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue a statutory auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

AUDITORS' REPORT

Exmar NV | 31 December 2020

During the performance of our audit, we comply with the legal, regulatory and normative framework as applicable to the audit of annual accounts in Belgium. The scope of the audit does not comprise any assurance regarding the future viability of the company nor regarding the efficiency or effectiveness demonstrated by the board of directors in the way that the company's business has been conducted or will be conducted.

As part of an audit in accordance with ISA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the board of directors;
- conclude on the appropriateness of the use of the going concern basis of accounting by the board of directors and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our statutory auditor's report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our statutory auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the annual accounts, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the audit committee regarding, amongst other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the audit committee with a statement that we have complied with relevant ethical requirements regarding independence, and we communicate with them about all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated to the audit committee, we determine those matters that were of most significance in the audit of the annual accounts of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes any public disclosure about the matter.

AUDITORS' REPORT

Exmar NV | 31 December 2020

Other legal and regulatory requirements

Responsibilities of the board of directors

The board of directors is responsible for the preparation and the content of the directors' report on the annual accounts, the statement of non-financial information attached to the directors' report on the annual accounts and other matters disclosed in the annual report, for the documents to be filed according to the legal and regulatory requirements, for maintaining the company's accounting records in compliance with the legal and regulatory requirements applicable in Belgium, as well as for the company's compliance with the Code of companies and associations and the company's articles of association.

Responsibilities of the statutory auditor

As part of our mandate and in accordance with the Belgian standard complementary to the International Standards on Auditing (ISA) as applicable in Belgium, our responsibility is to verify, in all material respects, the director's report on the annual accounts, the statement of non-financial information attached to the directors' report on the annual accounts and other matters disclosed in the annual report, those documents to be filed according to the legal and regulatory requirements and compliance with certain obligations referred to in the Code of companies and associations and the articles of association, as well as to report on these matters.

Aspects regarding the directors' report

In our opinion, after performing the specific procedures on the directors' report on the annual accounts, the directors' report on the annual accounts is consistent with the annual accounts for that same year and has been established in accordance with the requirements of article 3:5 and 3:6 of the Code of companies and associations.

In the context of our statutory audit of the annual accounts we are also responsible to consider, in particular based on information that we became aware of during the audit, if the directors' report on the annual accounts is free of material misstatement, either by information that is incorrectly stated or otherwise misleading. In the context of the procedures performed, we are not aware of such material misstatement.

The non-financial information as required by article 3:6, § 4 of the Code of companies and associations, has been disclosed in the directors' report. This non-financial information has been established by the company in accordance with an internationally recognised framework. In accordance with article 3:75, § 1, 6° of the Code of companies and associations we do not express any opinion on the question whether this non-financial information has been established in accordance with this internationally recognised framework.

Statement on the social balance sheet

The social balance sheet, to be filed at the National Bank of Belgium in accordance with article 3:12, § 1, 8° of the Code of companies and associations, includes, both in form and in substance, all of the information required by this Code, including those relating to wages and training, and is free from any material inconsistencies with the information available to us in the context of our mission.

Statements regarding independence

- Our audit firm and our network have not performed any prohibited services and our audit firm has remained independent from the company during the performance of our mandate.
- The fees for the additional non-audit services compatible with the statutory audit of the annual accounts, as defined in article 3:65 of the Code of companies and associations, have been properly disclosed and disaggregated in the notes to the annual accounts.

AUDITORS' REPORT

Exmar NV | 31 December 2020

Other statements

- Without prejudice to certain formal aspects of minor importance, the accounting records are maintained in accordance with the legal and regulatory requirements applicable in Belgium.
- The appropriation of results proposed to the general meeting is in accordance with the relevant legal and regulatory requirements.
- We do not have to report any transactions undertaken or decisions taken which may be in violation of the company's articles of association or the Code of companies and associations.
- This report is consistent with our additional report to the audit committee referred to in article 11 of Regulation (EU) N° 537/2014.
- The decision of the board of directors on 3 december 2020 relating to the conflict of interest included in the annual report has the following financial consequences for the company:
 - Decision with respect to the proposal of the Executive Committee to reward four persons that were actively involved in the discussion with YPF in Argentina, including Chairman of the Board and CEO Nicolas Saverys, a bonus amounting to 4 months of salary.
